

Orange Glen High School **Parent Involvement Program** *Improving Student Achievement Through Parent Education*

The Adolescent Brain

A work in progress

- Did you know the human brain is still developing until up to the age of 25?
- **How do substances such as marijuana and alcohol effect the growing brain?**
- What are things my student is doing **now** that can change his brain?
- **Where do you go for help?**

Tuesday
February 23
6:30 p.m.
OG Library
